

Senior Personnel

- **TODD J. HENRY (Director)** Georgia State University, Atlanta, GA
high resolution imaging, companionship studies, census
- **G. FRITZ BENEDICT** University of Texas, Austin, TX
space astrometry, radial velocities
- **OTTO G. FRANZ** Lowell Observatory, Flagstaff, AZ
multiple systems, ground and space astrometry
- **DAVID A. GOLIMOWSKI** Johns Hopkins University, Baltimore, MD
optical/infrared companion searches using high resolution imaging
- **PHILIP A. IANNA** University of Virginia, Charlottesville, VA
astrometry, optical photometry
- **HARTMUT JAHREISS** Astronomisches Rechen, Heidelberg, Germany
astrometry, kinematics
- **DONALD W. MCCARTHY, Jr.** University of Arizona, Tucson, AZ
infrared techniques, astronomy education
- **RENE MENDEZ** European Southern Observatory, Santiago, Chile
astrometry, optical photometry
- **DOUGLAS A. SIMONS** Gemini Telescopes Project, Tucson, AZ
wide companions, deep imaging
